Accelerate Academy plans on resuming in-person classes starting in September, while still leaving remote learning as an option for students and parents. For our upcoming Saturday classes (except for the SAT program), in-person and remote programs will be conducted simultaneously, with our teachers on premises conducting both groups. Due to the pandemic, however, in-person seats will be limited.

To ensure that we provide a safe learning environment, we have required that all our faculty members and all students eligible for the COVID vaccine be fully vaccinated and wear masks while on premises. For any concerns, please contact us through phone or text and avoid unnecessary visits to the academy.
